

HP 215 G1 Notebook PC

Knock out assignments with this small yet powerful notebook that's ideal for students

Packed with AMD processing power, up to 8 hours of battery life⁷ with Windows 7, and up to 5 hours of battery life⁷ with Windows 8.1, this small yet powerful notebook is ideal for students.

HP recommends Windows.

Designed with mobility in mind

- With its eye-catching modern design, you'll enjoy carrying your HP 215 Notebook PC to classes and meetings. With a starting weight of just 3.2 lb.⁶ this ultraportable notebook helps you stay on top of your game. No heavy computer bag or backpack required.
- Enjoy up to 5 hours of battery life⁷ on this Windows 8.1¹ notebook that keeps up with your busy schedule. Studying late? Unlike other mobile devices, the HP 215 Notebook PC has a replaceable battery, so you can easily swap it out and get back to work.
- Don't squint. Clearly see your documents, presentations, and webpages on the 11.6-inch diagonal HD³ display. Plus, you'll comfortably type on the 91 percent scale full-size keyboard without adding bulk to your PC.
- When you need a spare battery, you want it ready to go at a moment's notice. Optional HP Notebook Battery Charging Stations⁵ charge multiple backup and secondary batteries to help keep faculty, staff, and students up and running longer.

Equipped for education

- The HP 215 Notebook PC, equipped with Windows 8.1,² gives students and staff an optional touchscreen experience. Plus, you can conveniently use the touchpad with multi-touch gesture support to navigate your screen.
- Get enhanced performance and application acceleration from AMD APUs to power through assignments and tough deadlines. Experience the true potential of your presentations with visually stunning AMD Radeon graphics.³
- Connect with students worldwide with the HP TrueVision HD Webcam.^{3,4} Thanks to built-in DTS Sound +™ and dual speakers, the HP 215 Notebook PC is designed for the best-sounding, richest audio available on a PC. Small size. Big sound.
- Stay connected. With extensive optional wireless solutions,^{4,5} you can be confident that you'll be online when you need to be without being tied down with cords.

- On the move? Your data stays protected from accidental bumps and bruises. HP 3D DriveGuard⁸ senses when your PC moves and locks your hard drive to help protect your data on your HP notebook.
- Present ideas easily when connecting to displays and projectors through the included HDMI or VGA port. Kick creative projects into high gear while listening to music or webcasts using the headphone jack. Plug in your peripherals using the USB ports.
- The optional HP USB Optical Travel Mouse⁵ delivers easy USB connectivity, red LED optical navigation, and two-button controls plus a clicking scroll wheel. Best of all, it weighs just 2.5 oz (70 g) for easy handling by students.

1. Not all features are in all editions of Windows 7. Systems may require upgraded and/or separately purchased hardware to take full advantage of Windows 7 functionality. See microsoft.com/windows/windows-7/ for details.
2. Not all features are available in all editions of Windows 8.1. Systems may require upgraded and/or separately purchased hardware, drivers, and/or software to take full advantage of Windows 8.1 functionality. See microsoft.com.
3. HD content required to view HD images.
4. Wireless access point and Internet service required and sold separately. Availability of public wireless access points limited.
5. Sold separately or as an optional feature.
6. Weight may vary based on configuration.
7. Windows 7 battery life will vary depending on various factors, including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details. Windows 8.1 MobileMark12 battery life will vary depending on various factors, including product model, configuration, loaded applications, features, use, wireless functionality, and power management settings. The maximum capacity of the battery will naturally decrease with time and usage. See bapco.com for additional details.
8. Requires Microsoft Windows.
9. This system requires a 64-bit operating system and 64-bit software products to take advantage of the 64-bit processing capabilities of AMD technology. Dual/Quad core processing with AMD technology is designed to improve performance of this system. Given the wide range of software applications available, performance will vary.
10. HP Care Packs are sold separately. Service levels and response times for HP Care Packs may vary depending on your geographic location. Service starts on date of hardware purchase. Restrictions and limitations apply. For details, visit hp.com/go/cpc.
11. Maximum memory speed supported by the system may be 1333 MHz or 1066 MHz.
12. For hard drives, GB = 1 billion bytes. Actual formatted capacity is less. Up to 36 GB of system disk is reserved for the system recovery software.
13. The HDMI cable is sold separately.
14. This system is preinstalled with Windows 7 Pro software and also comes with a license and media for Windows 8.1 Pro software. You may only use one version of the Windows software at a time. Switching between versions will require you to uninstall one version and install the other version. You must back up all data (files, photos, etc.) before uninstalling and installing operating systems to avoid loss of your data.
15. Internet access required.
16. Requires separately purchased WLAN module, wireless access point, and an Internet connection to HP Web-enabled printer. Availability of public wireless access points limited. HP ePrint account registration required (for a list of eligible printers, supported documents and image types, and other HP ePrint details, see hpconnected.com). Print time and connection speeds may vary. Some HP LaserJet printers may require firmware upgrades.
17. Internet access required. First 60 days included. Subscription required for live updates afterwards.
18. Computrace agent is shipped turned off and must be activated by customers when they purchase a subscription. Subscriptions can be purchased for terms ranging from one to multiple years. Service is limited; check with Absolute for availability outside the U.S.
